"I had the opportunity to attend the CPP review as a recipient of the ASIS Foundation's Alan J. Cross Award. This was a tremendous value to me because I could not have afforded this review class on my own. If it were not for this gift I would probably still be self-studying for the CPP exam instead of enjoying the rewards of this prestigious ASIS certification."

Misty Ladd, CPP
Arkansas Area Manager

"ASIS Foundation CRISP reports are a tremendous asset for any security professional. These publications provide a thorough overview of some of the most compelling issues we face today, including guns in the workplace and fraud and theft of proprietary information."
